SCHOOL REOPENING COVID-19 SOLUTIONS

STUDENT AND TEACHER/PROFESSOR PROTECTIVE DESK SHIELDS

These economical shields are made from durable, corrugated plastic material. Designed to stand up to rigorous use, yet easy to store. Easy to clean, the hard plastic surface hinders defacement, and can be quickly cleaned with soap and warm water or a 3% hydrogen peroxide/water solution.
STUDENT PROTECTIVE DESK SHIELDS AND DIVIDERS

PRE-KINDergarten, KINDergarten AND LOWER ELEMENTARY SCHOOL ROUND TABLE SHIELDS THAT ARE UP TO 48 INCH ROUND TABLES

CAFETERIA DIVIDERS

Cafeterias and areas for eating have also become a challenge and Enhance a Colour has several options to help bring students and faculty back to lunch area protected. Between long double rectangle tables to round circular tables, we carry two designs that help protect the people but also allow for easy maneuverability for cleaning staff between lunch sessions and help increase the amount of people at a table. Cafeteria dividers are 1/2” thick white plastic.

HORIZONTAL TABLE DIVIDERS CAFE-1WAY-10MIL-NFR/FR

29” W x 23” H x 12” D with a 15” W x 15” H opening. Middle unit with two feet. Allows 4 students to sit at a 8 ft folding table instead of only 3.

1 to 24 units: $96.00 per unit
25 to 49 units: $92.00 per unit

COMPUTER, SCIENCE, LABS AND OTHER TABLE SIZES

Some Classrooms do not have average size desks. Many have lab tables, some have computer tables. Others have trapezoid tables or kidney shape tables. At Enhance a Colour, we are here to help customize and help with your setting so you do not have to buy new furniture for your upcoming school year.

Computer, science, and lab dividers are 1/4” thick white plastic.

HORIZONTAL TABLE DIVIDERS LAB-1WAY-4MIL-NFR/FR
At 29” W x 23” H x 8” D, these shields provide essential protection in the classroom while the 20” W x 13” H clear PETG window allows students to stay engaged and feel as normal as possible! Allows to 2 students instead of 1 student to use an abnormal size table.

1 to 24 units: $65.00 per unit
25 to 49 units: $62.00 per unit
50 to 99 units: $59.00 per unit
100 to 199 units: $56.00 per unit
Over 200 units: $53.00 per unit

FOUR WAY ROUND TABLE DIVIDERS
Four-Way Protective Divider Desk Shields for Round Tables that are round. Each four-way is made of 1/4” white plastic and consists of two pieces that are interlaced together. Each leg of the Four-Way Divider has a clear .015 PETG window so you can see from one section to another. Allows 4 to 6 students to sit at a table instead of 2 or 3.

5 FT ROUND TABLES LAB-1WAY-4MIL-NFR/FR
1 to 24 units: $205.00 per unit
25 to 49 units: $195.00 per unit

Enhance a Colour Covid Social Distancing Solutions – 9/01/20
COUNTERTOP SAFETY SHIELD/SNEEZE GUARD

We are producing mobile self standing acrylic Countertop Safety Shields/Sneeze Guards for registers, counters, office desks and other areas that customers deal with business employees.

Safety Shields provide a clear, sanitary-positive barrier at point-of-sale to improve health and safety, while preserving friendly, face-to-face customer interaction. The shields are highly stable, yet lightweight for convenient mobility from one counter space to another, if needed. They are manufactured of tough, durable, thick 1/4” and 1/8” acrylic and are cleanable with only a warm dish washing soap solution or with a Hydrogen Peroxide 3-5% mix with water. If you use other disinfectants to clean the material it will cloud up, over time.

You have a choice of sizing, either a **vertical format** (23” W x 32” H) or a **horizontal format** (32” W x 23” H). The feet on these guards protrude 5-1/2” from each side. Either format is available with an optional 8” W x 4” H pass through opening at the bottom.

**GENERIC WITH NO BRANDING: VERTICAL OR HORIZONTAL**

CT-SG-GB-VT  CT-SG-GB-HZ

1 to 9 units: $150.00 per unit
10 to 24 units: $140.00 per unit
25 to 49 units: $130.00 per unit
50 to 99 units: $125.00 per unit
100 to 249 units: $120.00 per unit
Over 250 units: $110.00 per unit

**CUSTOM BRANDED WITH NAME/LOGO(TEXT): VERTICAL OR HORIZONTAL**

CT-SG-CB-VT  CT-SG-CB-HZ

Setup charge $75.00 plus cost of shield, below.

Custom branding includes PDF Proof, please add an additional 2 business days.

*Prices and material subject to change due to availability*
**INEXPENSIVE SAFETY PARTITION DIVIDERS**
**IDEAL FOR OFFICES, SALONS, GYMS, RESTAURANTS, RETAIL OR ANYWHERE**

We are producing mobile self standing safety partition dividers that are easy to setup. Use wherever distancing requires a physical barrier.

Station dividers provide a sanitary-positive barrier for spaces that do not allow 6 foot spacing between stations, tables, workout equipment or other areas within your location. This will improve health and safety, while preserving customer and close proximity interaction. The shields are stable, yet lightweight for convenient mobility from one space to another, if needed. They are manufactured of tough, durable, thick 1/4” plastic with a .020” polycarbonate window and are cleanable with bleach or clorox if there are no images on them. If you chose to do branding, you will need to use soap and water only for cleaning.

You have a choice of sizing, either a small divider at 36” W x 68” H x 12” D (including feet) or a large divider at 46” W x 90” H x 12” D (including feet). Both options include a 28” W x 28” H clear plastic window for customer interaction or viewing machine availability. Custom branding is a 3M PSAV Decal up to 8 sq. ft. in size.

Enhance a Colour COVID Social Distancing Solutions — 9/01/20
### PREMIUM TALL SAFETY PARTITION DIVIDERS

**IDEAL FOR OFFICES, SALONS, GYMS, RESTAURANTS, RETAIL OR ANYWHERE**

When opening your business, your customers and employees will need protection, but with limited space, certain shields will not work. This model can slip between tables, desks, work stations and exercise equipment with a gap as little as 3”. The extended base plate can easily slide under the equipment to save even more space.

Easy to transport and move around once setup. Frames are made out of aluminum and the clear shield is .020" polycarbonate. A clean, corporate look that’s easy to clean with regular cleaning solutions. Since the material is entirely clear, customers and employees can still interact with each other instead of feeling boxed in like other products. Custom branding is a two-sided PSAV decal up to 5 sq. ft. in size with a custom die-cut shape.

Enhance a Colour Covid Social Distancing Solutions – 9/01/20
WHY ARE FACE SHIELDS MORE EFFECTIVE THAN FACE MASKS?

A recent piece published in the *Journal of the American Medical Association*, written by medical professionals at the University of Iowa, states that “face shields appear to significantly reduce the amount of inhalation exposure to influenza virus, another *droplet-spread* respiratory virus.”

Amesh Adalja, M.D., a pandemic preparedness expert at the Johns Hopkins Center for Health Security says that face shields may be even “better than other types of masks, because they not only prevent you from spreading it but also covers your eyes which provides more protection to the mucous membranes of your face where you might be getting infected.”

In comparison to shields, face masks can be hot, irritate the skin, fog glasses, and make it difficult for some to breathe. It can also leave those who have hearing loss at a disadvantage to communicate when mouths are covered, muffling voices and hiding facial expressions. The clear covering on shields allows for not only continued communication using common practices, but is also significantly more comfortable than a mask.

Additionally, the *Journal of American Medical Association* also published that in a simulated study, face shields were “shown to *reduce* immediate viral exposure by **96 percent** when worn by a simulated health care worker within 18 inches of a cough.”

Face shields are something that can be reused indefinitely and are easily cleaned with soap and warm water - or a 3% hydrogen peroxide/water solution. In order to minimize the medical and economic consequences, it becomes important to accurately and rapidly assess the ever-evolving situation so that proper containment strategies are implemented. Therefore including face shields as part of strategies would significantly reduce transmission in community and school settings.

For more information please visit:

PREMIUM REUSABLE FACE SHIELDS WITH THICK FOAM PAD

**PREMIUM REUSABLE FACE SHIELD WITH 1” THICK FOAM - ELASTIC HEAD BAND**

FS-EAC-Elastic Strap-OC-Foam

10 units: $4.00 per unit = $40.00
20 units: $4.00 per unit = $80.00
50 units: $4.00 per unit = $200.00

This plastic face shield is a one piece fits all reusable face shield. This one exterior plastic piece is the shield that covers the entire face and most of neck, depending on the person’s size. The shield is held onto the face with a 1” latex free elastic strap. The strap is mounted to the face shield through 3 slots on each side. The shield can be reused if it’s washed in warm water and soap or a 3% hydrogen peroxide/water solution.

The size of the face shield is 12-3/8” wide and is 10-1/8” high.

We are registered as a FDA Manufacturer: Our Number is 10072407

**PREMIUM REUSABLE FACE SHIELD WITH 1” THICK FOAM - PLASTIC HEAD BAND**

FS-Kansas-Plastic Strap-CC-Foam

10 units: $4.00 per unit = $40.00
20 units: $4.00 per unit = $80.00
50 units: $4.00 per unit = $200.00

We are also producing the open source design used by the University of Kansas Health System and the Center for Design Research at the University of Kansas. The shield and forehead head band are produced out of .020 polycarbonate or .015 PETG. The foam padding is a closed cell foam neoprene that attaches to the head band for extra comfort. The plastic strap is adjustable. The shield can be reused if it’s washed in warm water and soap or a 3% hydrogen peroxide/water solution.

The size of the face shield is 12-3/8” wide and is 10-1/8” high.

Both face shields are packed in bags of 10, 20 or 50 units.
Minimum order is 10 units, ranging from 10 to 100,000 units or more.

Call for more information and production schedules.

Pricing does not include sales tax or shipping. Payment in full required by check or wire transfer upon delivery. We also accept school purchase orders. Face shield ships 2-3 business days after order is placed.
